About Our Guest Speaker

Donna Parry presently serves on the Global Construction Leadership Team at Procter & Gamble. Donna has been with Procter & Gamble for 32 years. Her career has included assignments in Control & Information Systems, Project Management, Capital Systems Management, and Construction Management. She has held manufacturing and business unit engineering roles in various consumer products categories. For the past 6 years, she facilitated P&G’s North American Construction Safety network and was responsible for global Construction Management training curriculum and standards. Her current position focuses on Construction safety for a major project.

Donna graduated from the University of Cincinnati with a BS in Chemical Engineering, and completed a MS in Chemical Engineering at the University of Houston.

Donna is a member of the Construction Users Roundtable (CURT) Board, past Co-Chair of the CURT Safety Committee, and is active in CII.
