About Our Guest Speaker

Brian Sinnwell is Vice President / CPO for Planning & Facilities for the Louisville Regional Airport Authority. He was previously Deputy Executive Director for Planning and Engineering for the Louisville Regional Airport Authority, Director of Planning and Facilities for the Lehigh Northampton Airport Authority; Project Manager for Delta Airport Consultants; and Regional Aviation Engineer/Environmental Specialist for the Pennsylvania Department of Transportation’s Aviation Division.

Brian is a graduate of the University of Pittsburgh with a Bachelor of Science in Civil Engineering, and later earned a Master of Science in Sustainable Engineering from Villanova University.

Brian has over 20 years of project and facility management experience in new construction, rehabilitation, maintenance and renovations of airports, roadways, office buildings, parking facilities, water filtration plants and sanitary sewer treatment systems. His previous responsibilities include planning, scheduling, programming, cost estimating, supply chain management, logistics management and complete coordination of projects with government agencies, contractors, engineers and architects. He has completed federal and state grant applications, environmental assessments, health/safety inspections and all applicable building, development and storm water permits.
